PROTECTING HEALTH, ENSURING SAFETY

 **L'ALBATROS**
A WING FLAP TO THE FUTURE

ABOUT US

In 2019, L'Albatros is the brainchild of two seasoned entrepreneurs with expertise in Industrial Engineering, Machine Engineering, and International Trading. Focused on addressing global sourcing challenges exacerbated by the COVID-19 pandemic, the company emerged as a premium service provider, offering tailored solutions to a discerning clientele.

Strategically headquartered in Turkey and recognizing the region's potential as an alternative to traditional far east sourcing, the company's commitment to excellence is evident in its robust quality control system, ensuring a seamless importation process with reliability and efficiency at its core.

With a strategic presence in Togo, L'Albatros is not just a global player; it's a local partner fostering partnerships. Boasting an expert team of 20 professionals in Trade and quality management, the company ensures precision and care in addressing a diverse range of client needs.

L'Albatros stands at the forefront of innovation and reliability in global commerce, setting new standards for excellence and specialization in Turkey's thriving sourcing landscape.

MISSION

L'Albatros' mission is to redefine and elevate the standards of global sourcing and commerce. Our commitment is to provide unparalleled services to our partners, offering innovative and tailored solutions that address the unique challenges of the international market.

Excellence in Sourcing

L'Albatros is dedicated to sourcing the highest quality products from Turkey, leveraging our expertise and extensive network to meet and exceed the expectations of our clients.

Reliability and Efficiency

We strive for reliability and efficiency in every step of the importation process. Our robust quality control system ensures that our partners receive products that meet the highest standards.

Multilingual Communication

We prioritize effective communication by offering services in French, Arabic, English, and Turkish. This multilingual approach ensures seamless interaction across diverse markets.

Expert team of professionals

L'Albatros is proud to have a team of 20 sales and quality experts who are leaders in their respective domains. Their expertise ensures precision and care in every aspect of our services.

Client-Centric Approach

L'Albatros places our clients at the forefront of our mission. We aim to understand and address their specific needs, providing personalized and effective solutions.

Innovation in Commerce.

Our mission includes a commitment to innovation in the field of commerce. We continuously adapt to industry trends, integrating cutting-edge solutions and technologies to enhance our services.

MEDICAL TEXTILE

MEDICAL TEXTILE

Medical textiles are various fiber-based materials intended for medical purposes. Medical textile is a sector of technical textiles that focuses on fiber-based products used in health care applications such as prevention, care, and hygiene.

ViraSafe has made it a special goal to supply the global market with the best protective and qualitative garments. Manufactured in hygienic rooms, our products are designed to meet the highest standards of quality and protection.

DISPOSABLE GOWNS

Virasafe's protective nonwoven disposable gowns are designed to provide superior protection and comfort in various settings, including medical, industrial, and general use.

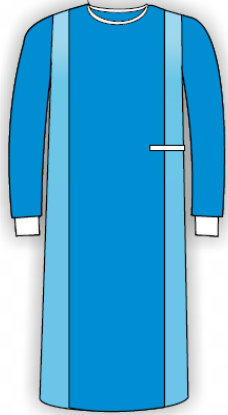

Made from high-quality nonwoven fabrics, these gowns ensure a high level of safety and hygiene.

Our gowns are manufactured under strict hygienic conditions to meet international standards, ensuring that you receive a reliable and safe product every time.

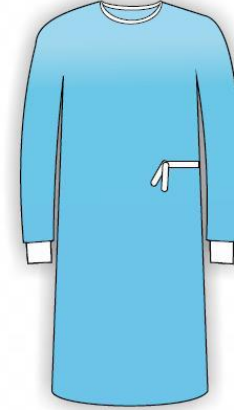

SURGICAL GOWNS

REINFORCED SURGICAL GOWN

Virasafe disposable reinforced surgical gowns are specially designed to accommodate and meet high-risk and demanding operations. With its hydrophobic and liquid impermeable property, Virasafe disposable reinforced surgical gowns are designed to withstand every liquid penetration from one side to the other and ease your movement during the surgical procedure and operation.

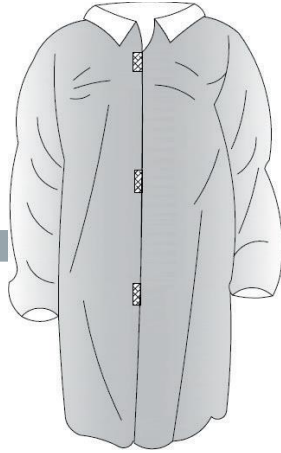

STANDARD SURGICAL GOWN

Virasafe disposable standard surgical gowns are specially designed to accommodate and meet short-term operations demands. Made of SMS fabrics, Virasafe disposable standard surgical gowns are designed to have the protection and comfort of the user at its best interest. The long and elastic cuffs of the disposable surgical gowns also eliminate the risk of glove slip during operation.

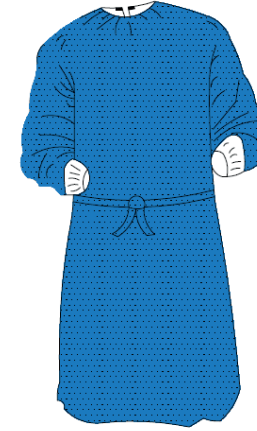

NON STERILE GOWNS

VISITOR GOWN

Virasafe visitor gown is intended to be used to cover visitor during his visit at the hospital and at the same time serves as a barrier from cross infection. The visitor gown with his soft touché and hydrophobic properties is design to whistand any liquid from one side to the other and ease the movement of the user. Patient gowns are offered in long sleeves or short sleeves options

PATIENT GOWN

Virasafe patient gown is intended to be used to cover patient nuidity during surgical operation and at the same time serves as a barrier from cross infection. The patient gown with his soft touché and hydrophobic properties is design to whistand any liquid from one side to the other and ease the movement of the user. Patient gowns are offered in long sleeves or short sleeves options

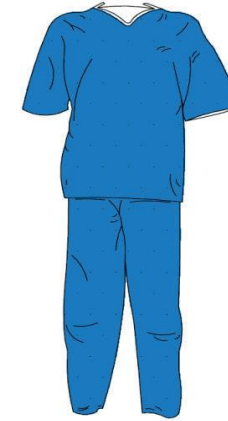

NON STERILE GOWNS

PEDIATRIC GOWN

ViraSafe's pediatric gowns are specifically designed to provide the utmost protection and comfort for children in medical settings. These gowns offer excellent barrier protection against fluids and contaminants while being soft and gentle on sensitive skin. Our pediatric gowns are lightweight, breathable, and easy to wear, ensuring that young patients feel safe and comfortable during their medical procedures.

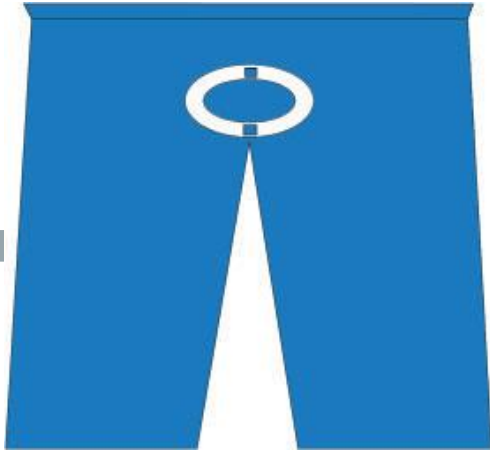

SCRUB SUIT

ViraSafe's scrub suits are meticulously designed for healthcare professionals, ensuring a perfect blend of comfort, durability, and protection. Made from premium nonwoven materials, these scrub suits offer superior barrier protection against contaminants while maintaining breathability for extended wear. The lightweight and ergonomic design ensures ease of movement, making them ideal for long shifts in demanding medical environments.

COLONOSCOPY PANT

COLONOSCOPY SHORT

ViraSafe colonoscopy gowns are expertly crafted to provide maximum comfort and privacy during medical procedures. Made from high-quality, nonwoven materials, these disposable gowns offer excellent protection while being soft and breathable. Designed with the patient's comfort in mind, ViraSafe's colonoscopy gowns ensure ease of use and accessibility for healthcare professionals.

COLONOSCOPY PANTS

ViraSafe colonoscopy pants are designed to provide comfort and dignity to patients undergoing colonoscopy procedures. Made from high-quality, nonwoven materials, these disposable pants offer excellent protection and hygiene. They are soft, breathable, and designed for ease of use, ensuring both patient comfort and accessibility for healthcare professionals.
