 **L'ALBATROS**  
A WING FLAP TO THE FUTURE

## ABOUT US

In 2019, L'Albatros is the brainchild of two seasoned entrepreneurs with expertise in Industrial Engineering, Machine Engineering, and International Trading. Focused on addressing global sourcing challenges exacerbated by the COVID-19 pandemic, the company emerged as a premium service provider, offering tailored solutions to a discerning clientele.

Strategically headquartered in Turkey and recognizing the region's potential as an alternative to traditional far east sourcing, the company's commitment to excellence is evident in its robust quality control system, ensuring a seamless importation process with reliability and efficiency at its core.

With a strategic presence in Togo, L'Albatros is not just a global player; it's a local partner fostering partnerships. Boasting an expert team of 20 professionals in Trade and quality management, the company ensures precision and care in addressing a diverse range of client needs.

L'Albatros stands at the forefront of innovation and reliability in global commerce, setting new standards for excellence and specialization in Turkey's thriving sourcing landscape.

# MISSION

L'Albatros' mission is to redefine and elevate the standards of global sourcing and commerce. Our commitment is to provide unparalleled services to our partners, offering innovative and tailored solutions that address the unique challenges of the international market.

## Excellence in Sourcing

L'Albatros is dedicated to sourcing the highest quality products from Turkey, leveraging our expertise and extensive network to meet and exceed the expectations of our clients.

## Reliability and Efficiency

We strive for reliability and efficiency in every step of the importation process. Our robust quality control system ensures that our partners receive products that meet the highest standards.

## Multilingual Communication

We prioritize effective communication by offering services in French, Arabic, English, and Turkish. This multilingual approach ensures seamless interaction across diverse markets.

## Expert team of professionals

L'Albatros is proud to have a team of 20 sales and quality experts who are leaders in their respective domains. Their expertise ensures precision and care in every aspect of our services.

## Client-Centric Approach

L'Albatros places our clients at the forefront of our mission. We aim to understand and address their specific needs, providing personalized and effective solutions.

## Innovation in Commerce.

Our mission includes a commitment to innovation in the field of commerce. We continuously adapt to industry trends, integrating cutting-edge solutions and technologies to enhance our services.

# INTRO

L'Albatros is a trusted supplier of diverse products in Turkey, specializing in top-quality hygiene items for both industrial and domestic use. Our extensive range includes **microfiber wipes**, renowned for their exceptional cleaning efficiency and durability, making them ideal for various cleaning tasks. We also offer highly absorbent and robust **paper towels, kitchen towels, and wet wipes**, perfect for quick cleanups and maintaining hygiene in various settings.

● Additionally, our selection of **toilet paper, napkins, and facial tissues** caters to both industrial and domestic needs, providing the perfect blend of softness and strength for a comfortable and reliable user experience. Each product is meticulously designed to meet stringent quality standards, ensuring our customers receive the highest level of hygiene and cleanliness.

## WHY WORK WITH L'ALBATROS?

- 
- 

### Quality You Can Trust

At L'Albatros, we pride ourselves on supplying only the highest quality hygiene and paper products. Our products meet stringent quality standards. This commitment to excellence has allowed us to build long-lasting partnerships based on trust and reliability.

### Customization

Every business has unique needs, and we are committed to meeting yours. We offer a range of customizable options for our products, including packaging, sizes, and specifications. Our flexibility ensures that you get exactly what you need to meet your business requirements.

### Competitive Pricing

We believe that high quality should come at a fair price. By working closely with our manufacturing partners and optimizing our supply chain, we can offer competitive pricing on all our products. This allows you to maximize your value without compromising on quality.

### Proven Track Record

Since 2019, L'Albatros has had a proven track record of success. Our satisfied clients and repeat customers are a testament to our dedication to quality, service, and reliability.

# UNIVERSAL CLEANING CLOTH

## UNIVERSAL CLEANING CLOTH

Comprising 80% polyester and 20% polyamide yarn, this microfiber weighs 350GSM and facilitates quick drying and cleaning with its short air length. Ideal for various surfaces except glass, its special technology ensures high-quality use with a matte finish. Available in 4 colors and 2 sizes (40x40cm and 50x70cm), it can be tailored to different preferences in size and color upon request.

## UNIVERSAL CLEANING CLOTH (BRIGHT)

This cloth, comprising 80% polyester and 20% polyamide yarn and weighing 350GSM, facilitates quick drying and cleaning due to its short air length. Versatile for various surfaces except glass, its special technology painting ensures high-quality use with a bright appearance. With easy-to-clean features, it's suitable for various dirty spots and comes in 4 colors and 2 sizes (40x40cm and 50x70cm), customizable to different sizes and colors based on demand.

## CHECKERED CLEANING CLOTH

This cloth, made of 80% polyester and 20% polyamide yarn, weighs between 320GSM to 380GSM and features a unique pattern created using special knitting techniques. Available in two models: silvery yarn and plain, it benefits from a special staining technique that enhances the polyamide's effectiveness. With excellent water absorption and quick-drying capabilities, it comes in 8 sizes and can be customized in various colors and sizes for specific production needs.

## DRYING CLEANING CLOTH

### DRYING CLEANING CLOTH (MIDDLE)

This cloth, made from 80% polyester and 20% polyamide yarn, is part of the middle series, available in 165GSM and 235GSM weights across 8 different sizes. Enhanced with a special staining technique, the polyamide ensures high water absorption. It's designed as an installation cloth, safe for all surfaces without scratching and promotes fast drying. Customizable in various colors and sizes to meet specific demands.

### DRYING CLEANING CLOTH (HIGH)

Our 'high' series cloth, made from 80% polyester and 20% polyamide yarn, ranges from 265GSM to 320GSM, offering a plush structure and effective drying. Enhanced polyamide with a special staining technique ensures high water absorption. Customizable in various colors and sizes to meet specific production demands.

### DRYING CLEANING CLOTH (MAXI)

Our Maxi series cloth, made from 80% polyester and 20% polyamide yarn, weighs between 360GSM to 440GSM, making it suitable for household and industrial use. Enhanced polyamide with a special staining technique ensures high water absorption and quick drying. Available in 8 different sizes and customizable in various colors and sizes for specific production needs.

# GLASS CLEANING CLOTH

## THICK GLASS CLOTHS

Our Thick Glass Cloths, made from 80% polyester and 20% polyamide yarn weighing 300GSM, excel on glass, mirrors, and similar surfaces, leaving no stains or traces. Available in 3 sizes, they trap dust and dirt efficiently, are easy to clean, and dry quickly, meeting specific size demands from customers.

## DECORATIVE GLASS CLOTHS

Our Decorative Glass Cloths, made from 80% polyester and 20% polyamide yarn weighing 300GSM, excel on glass, mirrors, and similar surfaces, leaving no stains or traces. Available in 3 sizes, they trap dust and dirt efficiently, are easy to clean, and dry quickly, meeting specific size demands from customers.

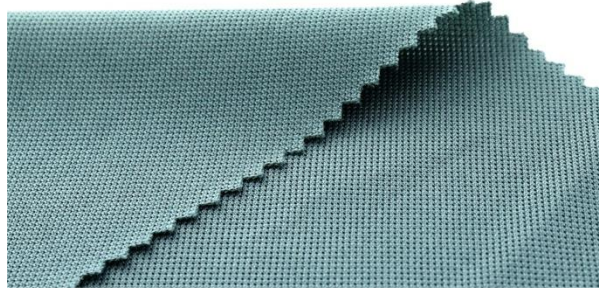

## BAKLAVA PATTERN GLASS CLOTH

Our Baklava Pattern Glass Cloths, made with 80% polyester and 20% polyamide yarn weighing 235 and 300 GSM, can be customized in colors and sizes. Featuring a Baklava appearance, they excel on glass, mirrors, and similar surfaces without leaving stains or marks.

# GLASS CLEANING CLOTHS

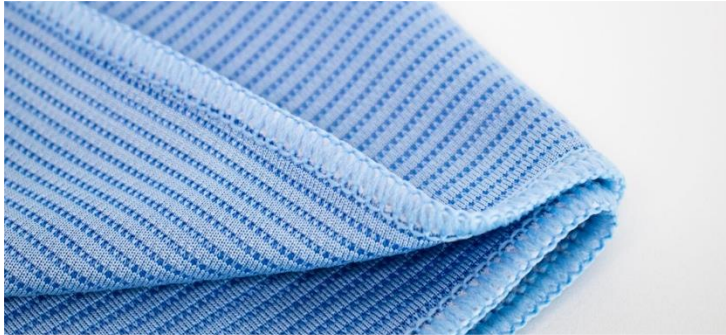

## CLASSIC GLASS CLOTHS

Our Classic Glass Cloths, made from 80% polyester and 20% polyamide yarn weighing 200 GSM, excel in cleaning all glass surfaces. Their thin fabric and special texture ensure fast drying. Customized in various sizes, weights, and colors based on customer demands.

# FUNCTIONAL CLEANING CLOTHS

## HARD DIRT AND OIL CLEANING CLOTH

Our Hard Dirt and Oil Cleaning Cloth, utilizing nano-technology for tough oils and impurities, is made from 80% polyester and 20% polyamide yarn. Enhanced polyamide with a special dyeing technique ensures high-quality and effective cleaning for various surfaces, suitable for both household and industrial use. Customizable in color, size, and weight to meet specific needs.

## SCRUBBING CLOTH

Our Scrubbing Cloth, made from 80% polyester and 20% polyamide yarn weighing 320GSM to 380GSM, features a stylish silvery appearance created with a special knitting technique. Enhanced polyamide with a special staining technique ensures high water absorption and quick drying. Available in 8 sizes and customizable in various colors and sizes for specific production needs.
